

Compare Our Care

What does All-inclusive living mean?

At Linda Manor our all-inclusive monthly fee means just that – it's all included. While other communities may charge a monthly base rate for rent and charge extra for additional levels of care, dining, activity programs, housekeeping, and utilities, everything is included in the base fee at Linda Manor. We invite you to compare our care and costs to other communities. Discover what's included at Linda Manor below and fill in the cost for other communities you may be considering.

Community

Community
